Tulkoff Food Products Introduces Spicy Kimchi Aioli

Baltimore, MD (July 15, 2015) – Tulkoff Food Products, Inc. is proud to introduce *Spicy Kimchi Aioli*, the newest addition to their foodservice squeeze bottle line. The Baltimore-based manufacturer describes the product as the first and only manufactured sauce offered to operators that combines the trending flavor of kimchi with mayonnaise.

Tulkoff's *Spicy Kimchi Aioli* takes the components of kimchi, a traditional Korean dish of fermented cabbage, and combines it with the creaminess of mayonnaise, a proprietary spice blend, cilantro and garlic. The result is an aioli that is uniquely flavored, slightly sweet and spicy.

"We reviewed multiple flavor trend reports when it came to introducing a new product and found that Korean flavors are in high demand by customers and driving favorable menu offerings," said Phil Tulkoff, President, Tulkoff Food Products, Inc. "Our *Spicy Kimchi Aioli*, allows operators to introduce a unique Korean flavor with the convenience of a mayonnaise based product that can cross multiple menu items and day parts."

Tulkoff's Spicy Kimchi Aioli is trans-fat free, is low in sodium and cholesterol and does not contain high fructose corn syrup or artificial flavors.

Tulkoff's squeeze bottle line currently consists of *Spicy Chipotle Chili Aioli*, *Creamy Horseradish Sauce & Extra Bold Cocktail Sauce* & *Extra Bold Horseradish Sauce*. All trans-fat and BPA free, recyclable, foil sealed and featuring bottoms-up storage, the squeeze bottle format provides convenience for grab and go foodservice operators looking for easy-to-use packaging. All squeeze bottle products are available now and are sold in an 8-count sealed tray pack for retailers, convenience stores and foodservice distributors.

About Tulkoff- Tulkoff Food Products, Inc. is a third generation family owned manufacturer of condiments, specialty sauces and ingredients.
