Tulkoff Food Products Introduces Original Chimichurri Sauce

Baltimore, MD (October 13, 2020) – Tulkoff Food Products, Inc. is proud to announce the launch of *Original Chimichurri Sauce*, the newest addition to their foodservice product line under the herbed sauces category. The Baltimore-based manufacturer developed the item based on the growing response to foodservice operator needs for ready to use, pre-made sauces that promote efficiency, consistency and food safety in their kitchens.

Tulkoff's *Original Chimichurri Sauce*, is a pre-made refrigerated product, ready to use right out of the container. "We have seen more and more chefs needing pre-made sauces that cut down prep times, are consistent with each menu application and promote food safety with minimal interactions," said Phil Tulkoff, President of Tulkoff Food Products, Inc. "From a competitive standpoint, we have only seen a few other brands manufacturing this item and all are frozen with a couple of days' worth of shelf life when thawed, or it's made daily by the chef. Our product is as close to a freshly made chimichurri sauce, ready to use straight out of the resealable container with a 6-month shelf life."

Tulkoff's *Original Chimichurri Sauce*, is OU kosher and trans-fat free. The product is sold in a 6/32oz pack size with a 6-month refrigerated shelf life. For information on where the product is sold, or further information contact Info@Tulkoff.com.

Tulkoff's branded foodservice product line currently consists of horseradish, garlic, ginger, pesto, seafood sauces, flavored butters and assorted aiolis in a variety of pack sizes. All are available for private label for foodservice operators and distributors nationwide. Additionally, Tulkoff is a full service co-packer for national retailers and retail brands.
